**Subject:** Re: Daily Work Order(s)

Hey Don:

This will be crucial starting Monday when we dispose of waste.

Tracking materials:

Description: What the material was (drums, rock, sod, Class 2 Non-TSCA, TSCA, etc)  
Previous Period: what was shipped that day (this will change daily - # Trucks ( cyd or tons etc)  
Total to date: # Trucks (cyd or tons, etc)

If you look at your current DWO's, you continue to carry over the rock we received on previous period. It should have shown up on the day we received and then nothing until. We receive material again.

Thanks Gary

Good morning.

I've attached a revised DWO for Friday (11/16/18) and an original DWO for yesterday's site activities (11/17/18).

Angela sent the latest final last night with the original DWO for 11/16/18 attached. My apologies, I forgot to tell her that a revision to correct grid numbers was to be included.

We made good progress last week and will begin T&D tomorrow.

Have a good day.

Don
